The DIMMER VIEW

by MAX GOODWIN

St. Patrick's Day is observed this week and we should all give a tip of the hat to the Irish.

Part and parcel of the folk lore of Ireland is the famed leprechaun. . . the little guy who is never more than 18 inches high, has a wrinkled face and melancholy disposition, wears a green jacket and red cap - and spends most of his time mending shoes and guarding a hidden treasure.

He usually retrieves the loot without too much penalty for the culprit, because the leprechaun's only weapon is his intriguing capacity for mischief.

Leprechauns have a whole bag of tricks to avenge wrongs done to their ilk. They are capable of souring milk, launching an attack of rheumatism, aching teeth or pinching shoes, wilting flowers, stopping clocks and breaking beads.

Under extreme provocation the leprechaun is capable of making off with a child but usually leaves a fairy child in its place, treats the stolen child with kindness and can be generally talked into restoring it to its rightful parents.

The ordinary mortal is not necessarily helpless against the leprechaun. The Irishman of the old sould learns from childhood an impressive number of spells, called "pishroques" which enable him to avert tricks of the little folk. For example, Irish farmers build gate posts with a flat top so that the fairies may have a place to dance. No one builds a farm building without first leaving his spade sticking in the ground over night. If it is still there the next morning, it is assumed that project has the approval of the leprechauns.

Some of the relations in the leprechaun family include the brownie, a very cheerful little fellow; the fairy, who can be counted on to do good deeds; the elf, a little less mischievous than the leprechaun but more so than the brownie; gnomes, who are not very cheerful fellows; gremlins, who usually foul up things mechanical; trolls, who are not kindly at all and should be avoided, and goblins, who are unattractive but often playful.

While the Irish may have a broad smile on his face this week, all may not be serene. For in the background may lurk one or more of these mischievous little fellows ready to bedevil him.

It's almost a cinch they'll bedevil you, too. . . if you don't join the Irish in commemorating St. Patrick's Day.

The widening of the base of the Wage-Hour Law to include many fields of endeavor not now covered is not going to help the nation's economy. Conversely, it will increase unemployment.

The Industrial News Review reported that it had questioned some retailers as to the outcome of the change. A retailer who operates 13 small stores in small communities replied that he employs 39 high school students for Saturday, open-evenings and peak-seasons work. The students are part-time and are paid less than the proposed federal minimum wage.

Would he continue to use high school students under the new minimums?

He said: "Definitely not. I like using students because it gives the kids a chance to work. Besides, in small communities where my stores are located - it is good public relations. But the cost of using these kids under the Wage-Hour law is

LG Anti-Litter Campaign Gains Chamber's Okay

Lemon Grove Chamber of Commerce Manager Ed Koester told the board of directors Tuesday that the chamber would take part in a huge anti-litter program here. It will be done in conjunction with the L.G. Coordinating Council and several youth groups, he said.

A membership drive under Hank Templeton's direction has netted three new members, he reported. The chamber will revert to a former practice of sending plants to newly opened businesses.

Sam Pernicano was made ballot committee to handle the election returns Tuesday when six new directors are elected to the board. Ballots went out last week. More than 50 per cent return has been racked up so far Manager Koester said.

Charles Hesser was named chairman of the road committee with instructions to report local roads and streets needing repair.

LG Building To \$180,000

At La Presa the total was \$198,200 with a \$150,000 commercial structure heading the list and three single family dwelling units.

Real Estate Sales Increase in Area

Real estate sales in Spring Valley, Lemon Grove and La Mesa areas during February totaled 194. January's total was 181.

The above statistics were compiled for Trends, monthly real estate publication of the Union Title Insurance Co., James C. Downs Jr., head of Real Estate Research Corp., Chicago, who is the editor of Trends, states that it is significant to report signs of improvement in the local residential market.

In volume of real estate sale, there was an increase in February of 5 per cent over the month of January.

PRIZE CROP - There's no doubt about it - Lemon Grove is one of the most productive areas in the nation. Where else can you find big, red delicious apples ripening on a lemon tree? The REVIEW photographer snapped the above picture last week in front of the Best Buy Market on Broadway. The tree is one recently set out in the Chamber of Commerce program to bring the lemon trees back to Lemon Grove. No one seems to know how the apples got there—but they didn't last long. They were gone the next day. (Staff Photo).

2 House Fires Cause \$500 in Damage Here

A Lemon Grove Fire Dept. rescuator crew worked for more than an hour yesterday, in an unsuccessful attempt to revive a baby girl stricken with virus pneumonia. Firemen were summoned to a doctor's office at 3048 Main St. at 10:43 a.m. The baby, Valerie Neil, died at 11:51. The Neils reside at 7070 Broadway. Neil, a Navyman, is at sea.

A break in a connection to a gas cook stove at the Harold J. Easley home, 3680 Vista St., Lemon Grove, caused a fire Saturday morning with damage, confined by firemen to the kitchen area of the home, estimated at about \$200, department officials said today.

Moments later the department was called on another structure fire—this one at the home of N. S. Sanders, 3122 Main St., Lemon Grove.

FAULTY HEATER

Fire there was caused by faulty installation of a heater, firemen said. The fire was confined to one area of the house and charred a knotty pine wall. Damage was estimated at \$285.

Firemen were called to an auto fire at the intersection of Imperial Ave. and Broadway Monday morning at 9:05. Damage to the automobile, they reported, was light.

Youth Admits School Theft

An El Cajon youth has admitted burglarizing Mt. Miguel High School early Saturday morning, March 4, sheriff's officers said this week.

Money, a stop watch and a class pin were recovered, they said.

The youth admitted that he removed the money from the top of a window at the school, said he needed money because he was walking home from a party at Lomita Village and wanted to take a cab the rest of the way, the officers said.

Bike Taken

A bicycle theft at the home of Gary Taylor, 2115 Drew Ln., Lemon Grove, was reported to sheriff's officers last week. Two juveniles have been apprehended in connection with the theft, the officers said.

St. Pat to Usher in LG Pre-Easter Sales Event

With several hundred of dollars worth of Easter merchandise gaily wrapped and waiting to be claimed by lucky shoppers, the annual Lemon Grove pre-Easter Value Days built around a St. Patrick's Day theme gets off to a rollicking start this week. Value Days are Thursday, Friday and Saturday.

those giving prizes is listed elsewhere in this article. It is not required to be present at the drawing in order to be eligible to win. The drawing will be held in the plaza at Broadway and Imperial.

Rustlin' Varmints Hit Daley Ranch-- Bust Up Corral; Get Small Critter

Your living room television screen no longer holds exclusive rights on cattle rustling.

Varmints hit the Daley Ranch last week and made off with a critter—a calf in this case—after breaking the padlock on the old corral to gain entry.

Sheriff's officers said the calf (for you who have been away from the farm too long a calf may best be identified as a diminutive cow) was apparently killed on the bank of a creek on the ranch before the baddies made off with it.

Rustling locally may be on a smaller scale than that portrayed on "Gunsmoke" or "Wyatt Earp," but then you have to consider this—the animals are smaller, too.

De Falco Sign Gains Okay at Center Here

SAN DIEGO (CNS)—After a spirited discussion of just how high a sign should be, county planners Friday voted to allow De Falco's Markets to erect one 20 feet higher than the law allows at its new site on the northeast corner of Jamacha boulevard and Sweetwater road, La Presa.

The company sought a variance permitting it to put up a sign 55 feet high instead of the legal 35 feet so that it could be seen over the roof of a proposed two-story office building to be built just west of the market.

Willis H. Miller, county planning director, protested to the planning commission that the 55-foot sign would "stick out like a sore thumb" and would be an eyesore to the two subdivisions north of the site.

But Gilbert Ray, commission chairman, pointed out that the sign will be at a considerably lower level than some of the surrounding terrain.

"I can't see anything unreasonable in this request," Ray said.

A few minutes after the commission approved the De Falco request, they also voted to allow the Foodmaker Co., also known as Oscar's, to erect a 47-foot sign in the same area but closer to the street intersection.

To insure traffic visibility, the commission required that the bottom panel of the Oscar's sign clear the ground by at least nine feet.

Miguel Baseballers Win 1st Loop Outing

Following a 5-3 decision over Saint Augustine in baseball last Tuesday afternoon, the Mt. Miguel Matadors chalked up their fourth straight victory by smashing El Centro, 19-3 in a Saturday afternoon game on the Mt. Miguel diamond.

The Matadors pounded out 23 hits off 5 El Centro hurlers in handing the touring Imperial Valley nine their second defeat of the day. Earlier they dropped a 6-3 game to Hoover of the Eastern League in a morning skirmish.

Doug Wardell picked up the victory for the Matadors after throwing for 4 innings before being relieved by junior Steve Thunberg who finished up the mound chores for the winners. The visitors tallied 2 runs in the top half of the opening frame, but the Matadors came right back and went out in front in their half of the first stanza with 3 runs. The Matadors exploded for 6 runs in the second chapter, and held a 9-2 margin going into the bottom half of the fourth. For the El Centro baseballers things appeared the same as the Matadors duplicated their second inning stint and had 6 more runners cross the plate for a 15-2 lead.

In the fifth inning the Mt. Miguelers added 2 more runs for a 17-2 score before the visitors managed to score a single tally in the top half of the sixth for their third run. The Matadors scored two more runs in the bottom of the sixth and held the visitors scoreless in their top half of the seventh for the 19-3 finish.

Mt. Miguel was scheduled to take their 4 game winning streak against Chula Vista Tuesday afternoon on the Miguel field. The Matadors face Grossmont tomorrow at Mt. Miguel and journey to Sweetwater Tuesday afternoon to face the Red Devils.

Mt. Miguel won their Metro League opener against Chula Vista Tuesday afternoon on the Matador diamond by blanking the Spartans, 6-0. Winning pitcher Bob Curley who went to distance allowed the Spartans only 2 hits in scoring his second mound decision.

dors exploded for 6 runs in the second chapter, and held a 9-2 margin going into the bottom half of the fourth. For the El Centro baseballers things appeared the same as the Matadors duplicated their second inning stint and had 6 more runners cross the plate for a 15-2 lead.

In the fifth inning the Mt. Miguelers added 2 more runs for a 17-2 score before the visitors managed to score a single tally in the top half of the sixth for their third run. He is Gary G. Williams, 28-year-old Lemon Grove resident who lives at 7407 North Ave.

The Stanford-Sloan fellowship provides a grant of \$5,000 a year for two years of work on the Stanford campus. It is awarded annually to six persons selected competitively from a world-wide set of applicants.

Pony League Meeting Tuesday: Tryouts Continued Saturday

The Spring Valley Pony League will hold its second tryout period Saturday of this week at 9 a.m. at the Mt. Miguel High School varsity field. Boys wanting to play may still register Saturday. The first tryouts were a big success, according to a Pony League spokesman, and the league wants to thank all the people who helped to make the tryouts a success.

The League also gives a "big hand" and hearty thanks to the concession stand chairman, Mrs. Florence Spann and all the ladies who helped her. The concession went over big and it is hoped the same will apply to this season.

Also being thanked is the working party, which did such a good job in painting bleachers, concession stands and dug-outs. More men are needed to spread gravel and decomposed granite around the dug-outs. Those caring to help may call Ed Baird at HO 54272.

Parents are urged to remember the general meeting Tuesday at 7:30 p.m. in the Spring Valley Elementary School. Proposed changes and additions to the by-laws will be discussed and voted on at this meeting.

Howard Eetes has been appointed player agent of the Spring Valley Pony League, succeeding Charles Cobb, who has accepted the position of district director of Pony League.

prohibitive. I've got my plans figured out, if I'm covered by the Wage-Hour Law. I can make my stores self-service and replace the 39 high school students with a lesser number of employees who are more capable of earning a higher hourly rate. I don't want to put these high school kids out of a part time job, but...

Then there is the plight of restaurants. There are probably more eating places than any other kind of businesses. Many of these are marginal at best. Waitresses, who usually make a pretty good income from the American habit of tipping, will suffer the loss of jobs if the firm they work for comes under the Wage-Hour Law. Practically every waitress depends on tips which amounts to far more than salary considerations. A great number of restaurants will close. Others will cut back on number of employees. In the restaurant industry it would produce less jobs, higher prices for the consumer, and poorer service due to the cutback of employees.

U.S. Congressman Barry Goldwater (R-Ariz.) sees the proposal as hazardous. He is on record of favoring a higher minimum only as it relates to higher production. Otherwise, he says, it produces unemployment and inflation.

The broadened Wage-Hour Law as now proposed is not the answer to the nation's economic problem.

Petitions

the name and precinct number when filed, and he association's petitions did not comply with the statute.

McLees said that in a court test the question of whether the petitions had been filed in time also would have to be considered.

He said the law does not require the voter himself to add his precinct number and that this can be done by others, but the precinct number must be included when the petition is filed.

"Is there no provision for waiving this requirement?" asked Supervisor Robert Cozens.

"No. It is a statutory requirement," McLees replied. "Our hands are tied," Chairman David W. Bird broke in. "It is up to the court to determine otherwise."

AFFIDAVIT FILED

An affidavit from Lloyd T. Veen of the association stating that the petitions were complete was ordered filed by Chairman Bird.

Failing to hear this, Supervisor Robert C. Dent moved that "the letter be filed."

Bird thought Dent was referring to the report from Charles Sexton, registrar of voters, and called for a vote. With Supervisor Frank A. Gibson absent because of illness, the four Supervisors split 2-to-2 with Cozens and De Graff Austin opposed.

But when the error was discovered and a second vote was taken on the registrar's report, the Supervisors voted unanimously to file it.

GIFT TO ZOO — Above is the designer's sketch of the walk-through cage of local birds to be presented by Camp Fire Girls to the San Diego Children's Zoo, in honor of Camp Fire's Golden Jubilee celebration. The Zoo gift, to be presented Sunday, was paid for by penny bank contributions from Blue Birds and Camp Fire Girls in the San Diego County Council.

Local Members Join in Camp Fire Observance

Lemon Grove and Spring Valley Camp Fire Girls will join members from throughout the county as the organization's 50th anniversary birthday week celebration gets into full swing this weekend.

Scheduled are the council's presentation of a gift to the San Diego Zoo, participation in religious services, and the annual peanut sale movie.

Four theatres in San Diego County will present the special shows in appreciation for the record participation of girls in the recent Peanut Sale. Award ribbons will be presented to the two highest average Blue Bird and Camp Fire groups in each district and to the highest Horizon Club in the county.

LOCAL GIRLS ATTEND

The same full length feature movie, plus cartoons, will be shown at the four theatres. The El Cajon Theater showing will be attended by girls from the El Cajon Valley, Lakeside, Fletcher Hills, La Mesa, Spring Valley and Lemon Grove areas.

The peanut sale movies will be the occasion for collection of Gold Rush penny banks in which Camp Fire members have saved their pennies, nickels and dimes to pay for Camp Fire's gift to the San Diego Children's Zoo in honor of the Golden Jubilee.

GIFT TO ZOO

The Zoo gift is a walk-through bird cage which will house a collection of local birds, including, of course, a family of blue birds. In presenting this gift the Camp Fire Girls will make it possible for other children to become acquainted with the many birds that actually live in San Diego County. The presentation will be made at ceremonies in the Zoo's Wegforth Bowl at 1:45 p.m. Sunday.

Several churches in the county will use special Camp Fire Girls programs for their services and will give special recognition to the Camp Fire members in their congregations.

Tuesday representatives of the council will present a certificate of appreciation to the San Diego County Board of Supervisors in recognition of their support of youth programs, camping facilities and other services to children.

OTHER EVENTS

Remaining events of the Birthday Week will be special ceremonies to be conducted by all groups Monday; "Hi-Day" Tuesday; Camp Fire Girls at Home Wednesday; Thank Your Community Day Thursday; and the gala Potlatch ("gathering of the tribes") event to be held in Westgate Park the evening of March 24. Tickets for the latter event are available free of charge from Camp Fire district program chairmen and from the Camp Fire office.

LEMON GROVE SPRING VALLEY SOCIETY

Teenager Sets Sights On Powder Puff Derby

To most teenage girls a powder puff is something that you slap against your nose.

But to Kathleen Johnston, Mt. Miguel junior, it symbolizes a cross-country flying derby that she may someday enter. Kathleen celebrated her 16th birthday at Gillespie Field taking her flight test for a solo flying license. After one learns that her father is a flight instructor, it is understandable that Kathleen was practically raised in a plane; in fact, she got her first "wings" at the age of six weeks. Actually, she began taking lessons when she was 12.

Appropriately, her first solo flight was in a feminine-looking Piper Tri-Pacer, a four-place passenger plane. Concerning the flight, she said, "I wanted someone along to overcome the feeling of loneliness. But it was a nice day; everything was just right."

Much to the disillusionment of many people, Kathleen entered the plane minus flight jacket, helmet, oxygen mask, and parachute. She soloed wearing the same clothes she had worn to school that day.

After Kathleen landed, her mother handed out candy to the crowd which had assembled to watch the soloist.

Kathleen's future plans include staying in women's flying groups. She has been asked to join the Ninety-Niners, a women's flying group, and wants to compete in the Powder Puff Derby.

When 17, she will be eligible to take up passengers and get a private license. She feels that the real pleasure of flying is in this area.

"COMON A MY HOUSE"

Any La Presa County Water District consumers who missed the meeting last week and those who thought of new questions which need answers, are invited to attend a "Let's Get The Real Facts" meeting at 8 p.m., March 22, in my home, 1618 Folkstone St., right behind Mt. Miguel High School.

Fred Hansen, Rudy Bellande and Don Walker, candidates in the March 28 elections for the La Presa County Water District board of directors, will be there, ready and willing to give you truthful answers to all questions concerning your water district. These gentlemen don't believe in blowing smoke in the face of the real issues involved. They've had no need to hire outside "help." Hansen, Bellande and Walker are perfectly capable of standing on their reputations, their records and their own two feet. Come and meet them; then you'll know why.

TEEN DANCE

The Teen dance held at Rancho last Friday was an overwhelming success, pointing out the crying need for more activities for our teenagers. The La Presa Women's Club was the first in our community to acknowledge this need and do something about it. Almost 200 boys and girls showed up for the dance, the club women served as chaperones and everyone enjoyed themselves. More plans are being made for future activities.

LITTLE LEAGUE

A vote of thanks are in order for Arthur Helzer, Frank Gilbert, Ed Steiner, Ivan Saunders, Chuck Ball, Jim Jordan, Bob McGuire, Orville Schuff, Fred Hendricks and all the other men and women who have been working on the Little League field weekend after weekend.

If you signed up to help, don't wait to be contacted, just go on over to the field Saturday or Sunday. There's where you'll find most of your neighbors. This coming weekend brick layers, masons and carpenters will be needed to complete the dugouts and stands. If anyone has a tractor or skip loader, bring it along.

Two major setbacks have finally brought this "miracle working" group to a temporary standstill. Two more major league sponsors are needed before they can apply for their franchise, and they were told that signs will not be allowed on the field because it is actually school property. Business people should know how it feels to put so much of your self into a project, only to find it standing still because of that "root of all evils." The field when completed, will be valued at approximately \$8,000, so you know it will be a place where people will be glad to come. It certainly wouldn't hurt any one whose name appears on their boys' shirts. If you have wanted sign space, sponsor a boy instead. If you can, sponsor a team. They're counting on you and you can count on them if you help. Call Jim Jordan at HO 3-6616 for further information.

A coaches and manager meeting will be held in the Jordan home, 1543 Gowin 22 at 7:30 p.m.

Official tryouts have been completed, but if you were not able to register your boy, contact Jim.

RANCHO PTA
Tonight the Rancho PTA is featuring "Pancakes and Pups," a fun and fund raising affair.

Pancakes will be served from 5:30 p.m. in the multi-purpose room. For 50 cents you can eat your fill and be entertained by a delightful puppet show.

MEET YOUR NEIGHBOR

Meet Rudy Bellande. He was born in Louisiana and is one of the most widely traveled men I've yet to meet. Rudy is sales manager for the Edgewood Homes, actively participates in the Local Government Committee, and is currently running for a position on the La Presa County Water District board of directors.

The Bellandes chose our area for their permanent residence, which proves their good sense and the fact that Rudy is so active in community affairs proves him a good neighbor. As he puts it, "I want to make my home here, want to belong

to the area and help to see that things are done right."

A representative of the Lemon Grove School District will be on hand at the meeting to show plans for the new classrooms planned for special education in the district.

Additional information may be obtained by contacting Mrs. Holland at HO 9-9645.

Nominating Conventions Staged by High Schools

For a practical education in the fundamentals of conducting a nominating convention, students of Mount Miguel and Monte Vista high schools participated in annual conventions Saturday at Mount Miguel.

Since the student population of the Monte Vista school will be comprised of Miguel students transferring to the new school, two slates of delegates representing each classroom on the campus nominated officers for the 1961-62 school year. Delegates were bound by convention rules to vote for these individuals proposed in each classroom, on the first ballot. After the first balloting, classroom delegations were free to vote as their conscience dictated.

WELCOME ADDRESS

The official program began with ASB President Dan Zastoupil calling the convention to order. The invocation was given by the Rev. John Korr of the Shepherd of the Valley Lutheran Church, followed by the welcoming address delivered by Melvin C. Grant, principal. John T. Warburton, assistant superintendent of the Grossmont Union High School District gave the keynote address.

At 11 a.m. the two schools separated Monte Vista in the cafeteria and Mount Miguel in the gym—for their individual conventions.

Students of the two schools will vote on convention nominees tomorrow during lunches and afternoon.

CHAIRMEN LISTED

Linda Thompson was general chairman for the Mt. Miguel conventions; Dan Zastoupil acted as presiding chairman; Bob Steckman controlled the roving microphone; Alice Budzinski was recorder; Sheryl Lane and Veverly Williams were machine tabulators; Pat McCullough and Linda Nysted, board tabulators; Jerry Watmore, visitor control; Sheryl Lane, chairman of pages; Ken Clark and Bill Stephens, sergeants-at-arms; Sheryl Lane and Veverly Williams registration aids.

SV Man Joins B of A Electronic Bookkeeping Force

The growing number of men who have found new opportunity in the electronics age of banking have added Spring Valley man George T. Jackson to their ranks.

Jackson, who lives at 4148 Citradora Drive, has been promoted to branch liaison officer at the San Diego ERMA Center.

An ERMA Center is a high speed electronic bookkeeping equipment system so large it requires its own building and a staff of from 40 to 60 people to operate. ERMA stands for Electronic Recording Method of Accounting. It's the imagination-intriguing device pioneered by Bank of America to handle the mountainous paper work involved in checking account bookkeeping.

ERMA does all of the bookkeeping each night for its 40

or more branches and has all the records complete before the branches open next morning.

The system is being installed statewide by the bank, with 13 ERMA centers to do the posting for 2,500,000 checking accounts every day.

Jackson joined the bank in 1947 as a bookkeeper in San Diego and later was advanced to junior officer status at the 42nd and El Cajon branch. He was an operations officer at the Ramona branch prior to joining the ERMA Center.

Born in Nebraska, he attended high school in Missouri and later obtained the American Institute of Banking's standard certificate.

Jackson and his wife, Virginia, have four children, George Jr., 11; Carol, 9; Ro-

'Mind' Subject Of Christian Science Sermon

An effective approach to world problems of disunity and inharmony may be found in the Lesson-Sermon on "Mind" to be read in all Christian Science churches Sunday.

Paul's understanding and utilization of the power of God, Mind, to destroy error is shown in this hopeful exhortation to the Corinthians, "Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you" (II Cor. 13:11).

Lutheran Church To Welcome New Members Sunday

Sunday the congregation of Lemon Grove Lutheran Church will receive 53 adults and children into its membership. Some will be received by baptism, some by adult confirmation, and some by letters of transfer from other Lutheran congregations.

A brief reception follows the service so that the new members may have opportunity to become acquainted. New members will be received at the 11 a.m. worship service.

Last Sunday evening Mr. Hans Lindal and Mr. and Mrs. Ellingson from Norway were guests at Lemon Grove Lutheran Church. They showed a moving picture of the life of "Hans Nielsen Hauge" who was used to bring a great spiritual awakening in that country in the eighteenth century and which has continued to influence Lutheranism in Norway and in America. Mr. Lindal's message was interpreted by Pastor Bakken. Mr. and Mrs. Ellingson sang several songs in the Scandinavian language.

Boy Scout Troop 303, sponsored by the Brotherhood of Lemon Grove Lutheran Church, will be on a camp-out at Walker's Goldrock Ranch over the weekend.

Dr. Detzer To View Illness and Death In Methodist Sermon

A message based on the question of how to deal with sickness, death and mental illness will be given to the congregation of the Lemon Grove Methodist Church Sunday by Dr. Jordan Detzer, pastor.

He will answer these questions at the 8:30 and 11 a.m. services: "Why doesn't God make me well? Can my mind make me sick? How can our faith keep us healthy? and, Is it right to expect healing miracles?"

The church's men's club will hear a speaker on juvenile delinquency Sunday and club members will attend a luncheon at El Cortez hotel Monday to hear Bishop Kennedy.

Rev. Harold Christman will speak at the last meeting of the spiritual healing group on Wednesday. The church is at Golden and Washington avenues in Lemon Grove.

'Week of Preaching' Planned at Vista La Mesa Christian Church

Beginning Sunday morning at both the 9:45 and 11 a.m. services, former ad interim pastor, Louis A. Mayo, will begin a week of preaching at the Vista La Mesa Christian Church, with the topic "God's Challenge."

Mr. Mayo is from Compton and has served pastorates on the East Coast, in California and served as chaplain in the Navy during World War II in administrative work.

Serving as secretary of the Christian Churches of Arizona and New Mexico, Mr. Mayo retired from the active parish ministry in 1956.

Themes to be lifted up during the week of March 19-24 include: "God's Holiness"; "God's Forgiveness"; "God's Judgment" and "Gods Manifestation in Christ."

A week of visitation, evangelism, March 13-17; and the week of preaching, March 19-24, will be climaxed by "Decision Day" Palm Sunday.

Members, friends and neighbors of Vista La Mesa Community are cordially invited to attend service Sunday morning and each evening at 7:30.

The Mail Box

Dear Editor:

It must be gratifying to know that seeds one has planted are bearing fine fruit. The column I am enclosing is one you wrote June 20, 1957, almost four years ago. I have used this copy—(now well worn as you can see) in innumerable talks given in my work as Curriculum Coordinator throughout Los Angeles County. My husband has also used this same column in various places in his work as Feature Editor so the effects from one copy of your column did spread in this area. I imagine this could be multiplied many, many times in other areas. Now the general cumulative results are being seen in all the newspapers of the state in a true constructive effort to stop the enormous waste of burning good state textbooks. Congratulations to you and please continue the good work! This seems to be the way all good constructive accomplishments are finally made.

My son, Dr. Thomas R. Early of Lemon Grove, gave me this copy which I have used to such good advantage.

Most sincerely,
Julia K. Fenderson
3638 Bagley ave.
Los Angeles 34, Calif.

Ed's Note:

The article referred to by Mrs. Fenderson regarded our wrath when the state required the Lemon Grove school district to deposit in the county dump more than 2,500 textbooks used by district students.

The destruction requirement is spelled out in Section 45, Rules and Regulations, State Board of Education Code.

Nonetheless, we estimated that more than \$37 million worth of textbooks were being destroyed at that time by the order.

The present Legislature is concerned about the unhappy book-burning arrangement and new regulations may result from their concern. Legislators say our estimate is low on the cost of books destroyed periodically.

PUBLIC NOTICE— ITS MANY USES

Copyright 1960

By James E. Pollard

There is another series of articles on legal advertising. The first few will deal with background of legal notices. Later, specific legal will be discussed.

(NO. 5 in a Series)

An out-of-state motorist was driving along a New England highway that was unfamiliar to him. All of a sudden he became aware of a double amber blinker on his left, ahead and above the road. He had never seen this kind of signal and wondered what it meant.

His puzzlement was soon resolved. In a short distance he saw a side road approaching from the right. The blinker was like a permanent caution, warning the approaching driver to be extra careful.

Within limits, the blinker was like a public notice. The purpose of the notice may vary but basically it is intended to call attention to something. It is designed, moreover, to give due notice. Generally this means sufficient time to enable those concerned to take whatever steps may be necessary to protect their rights and interests, whether collective or individual.

By long practice the bona fide newspaper of paid general circulation has been shown to be the best general medium for such notices. That is why the laws of all 50 states make provision for the publication in such newspapers of hundreds of kinds of public notices. This has come to be a basic part of the American legal system and, indeed, of the democratic process itself.

As with public notices, or legal advertising, such hearings are part of due process. Both are important to the public as well as to the parties immediately concerned. Their use, as required by law, is a matter of protecting public or individual rights, or both.

Miguel Singers Take Part in Area Concert

Mt. Miguel High School singers, under the direction of Robert Boucher, school music director, joined some 1,000 area high school and junior college students in the presentation of the ninth annual High School and Junior College Spring Choral Concert last night at Escondido.

Students gathered yesterday morning for a three-hour rehearsal and last night combined as a single group of more than a thousand voices to present mixed choral numbers.

J. Dayton Smith, San Diego State College, was guest conductor.

The concert, Smith said, represents the culmination of a concerted effort of all high school choral groups working individually during the year. Last night, however, marked the first time participants sang together as a combined unit.

CONRAD LEMON GROVE MORTUARY

WHAT'S DOING
Sid Mansfield, your telephone manager in Lemon Grove

FAMILY NIGHT

Eighty five guests including the families and friends of your telephone business office people enjoyed a tour of the office and explanation of our work. The latest telephone equipment for home and business was displayed.

The highlight of the evening was a presentation of a lecture demonstration "What Are Your Odds." This is a new safety program dealing with home and off the job accidents. It is available to public groups now and can be requested by calling your local telephone office, Hopkins 6-3201. We learned from this program that when we gamble with safety, the odds are we will lose.

To close our family visit we served refreshments to our guests in our newly decorated kitchen and lounge.

Youngsters are always fascinated when they see a telephone man strap on his "spurs" and climb up a pole. Though it looks easy, it takes skill and practice to do the job safely. The man has to know just how to stick the steel points or spurs into the pole so they will support his weight. These spurs have to be good and sharp. When they become dull, they are returned to our shops where experts recondition them using special precision grinding equipment. This provides greater safety for the telephone linemen and installers who use them. And the spurs last longer, too. **Pacific Telephone**

Open Meeting To Air School Election Set

An open meeting to be held in the La Mesa Elementary School April 4 will give an opportunity to candidates seeking seats on the La Mesa-Spring Valley and the Grossmont boards of Education to air their views of local education and also to permit questions from the floor.

Mrs. Clark Lebew, chairman of the education committee of the La Mesa American Assn. of University Women, said her organization, along with the El Cajon League of Women Voters and the Helix and Foothills Councils of PTA will sponsor the meeting.

Mrs. Lebew has emphasized the need for people to be more informed about candidates running for posts on the boards of education in the two districts mentioned. She said, "It is important to know whether the candidate has high standards of personal honesty, integrity, and conduct and that he is not seeking the position for personal prestige or political gain."

Mrs. Lebew asks the questions: 1) Will the candidate represent the district as a whole rather than a particular group, cause, or geographical area?; and 2) Does he have time to do the job?

Mrs. Patton to Head Monterey Heights PTA

Members of the Monterey Heights Elementary School elected the following at a meeting last week to serve on the organization's 1961-62 executive board:

Assembly Passes Revoked Drivers License Measure

A measure providing for imprisonment of drivers operating with a suspended or revoked license, introduced by Assemblyman Sheridan N. Hegland, of La Mesa, has been passed by the Assembly. The bill now goes to Senate committee.

AB 33 authorizes jail sentences of not less than five days and not more than six months for persons convicted for the second time of driving with a suspended or revoked license, Hegland said. A fine of not more than \$250 and not less than \$100 also may be invoked in addition to the jail sentence.

"An automobile is a deadly weapon, and anyone driving with a revoked license has been found to be an unsafe or unfit driver," Hegland pointed out. "Such a person is a definite hazard to other drivers, and must be discouraged from driving on the highways."

Under the provisions of AB 33, a second or subsequent offender may not be granted probation by the court, nor shall the court suspend the execution of sentence.

Employment Hike Seen this Month By State Office

The state Department of Employment this week predicted employment in the San Diego area would increase by as much as 2,000 during March and said opening of several shopping centers may boost payroll in the retail trade fields.

The article appears in the current issue of the San Diego Economic Bulletin, issued monthly by the Economic Research Bureau of San Diego. The article also stated, "recall and new hiring of aircraft workers in late January and February indicate an increase in manufacturing employment of about 1,000 in March."

"These short term increases must be regarded as temporary, however. During March unemployment is scheduled to decline but no major drop from the current level of joblessness is anticipated during the remainder of the year."

Book Display Showing at Junior High

More than 600 new books for children are on display in the teachers' workroom at Palm Junior High School, Harold Brogan, principal, has announced.

The book display will be open through March 24. Brogan invites the public to come and look over the book display.

The collection, which runs to some thirty subject categories, covers the whole range from kindergarten through grade nine. Both fiction and non-fiction are represented.

MERITS ATTENTION

"Whether you approach books as a professional, a parent, or simply as an interested adult, this exhibit collection, representing the combined output of the country's leading publishers, merits your attention. For everyone, today's library books have, if in different ways, immediate importance and much to say. Textually and pictorially their appeal is far from limited to children. Major contributions to the exhibit are in the field of science, biography, information, aeronautics, history, and social studies, and in an unsurpassable collection of picture books," Brogan said.

GROUPED, CATALOGUED

Grouped by grade levels, with numbered books and numbered catalogues, the exhibit is organized to produce quickly and easily the books of one's interest. For teachers, librarians, and professionals, the catalogues, which is annotated, graded, indexed, is individually available. This makes for maximum and efficient use of the exhibit and serves as a convenient checklist—a permanent record of the year's new books, he said.

The exhibit comes here through Books on Exhibit, a cooperative promotional enterprise of the 29 participating publishers and is a service designed primarily to make it possible for schools and libraries to do an informed job of book selection.

Irish Touch at Area Restaurant

A San Diego tradition is being brought to life again, as it happens every St. Patrick's Day.

George Solimine, who operates Pothill's restaurant in La Mesa, is passing up pizza and ravioli, the staple food of his homeland, to celebrate the day of the Irish with a corned beef and cabbage party.

The Irish delicacy, says George, will be served free of charge from 9 p.m. Friday.

To add to the illusion, George becomes George O'Solimine for the one day. All Irishers and I buffs are invited.

INTERNATIONAL YOUNG LADY — Sixteen-year-old Sheila Dorman, daughter of Lemon Grove Attorney Wallace D. Dorman, has been chosen to participate in the International Gathering Abroad of Girl Scouts in Switzerland this summer. It marks the first time U.S. Girl Scouts have been invited by Switzerland as a team in their Exchange Program.

Sheila will leave here in mid-June and return at the end of August. One of the reasons for choosing Sheila was her ability to speak German and French. She is pictured above with her father, left, and her uncle, V. J. Dorman, also a Lemon Grove attorney and civic leader.

INTERNATIONAL HONOR

Sheila Dorman is Chosen for European Girl Scout Conclave

Sheila Dorman, a member of a well-known professional family of Lemon Grove, will be one of four girls in the United States to represent her country this summer at the International Gathering Abroad of Girl Scouts.

The girl is Sheila Dorman, daughter of Wallace D. Dorman and niece of Vroman J. Dorman. The two men have law firms in Lemon Grove and San Diego.

The purpose of the International Gathering Abroad is to provide an opportunity for Sen-

ior Girl Scouts and Girl Guides to get to know one another through living, planning and working together and sharing information about one another's countries.

ONE OF FOUR

Sheila was selected to apply to represent the San Diego Council; was selected by the Regional Selection Committee along with two alternates; then again selected from applications from the twelve regions by the National Headquarters. Sheila is one of only four girls invited to represent the United

States. The program will be divided among camping, home visits, sightseeing and a short stay at an international meeting place for adults and girls from all countries belonging to the World Association, located at Adelboden, Switzerland. This trip will also include a visit at La Nef in Paris, one of several hostels in other countries which are open to transient Girl Scouts and Girl Guides belonging to the World Association.

Major expenses of this trip will be covered by the Juliette Low World Friendship Fund. This is a fund long ago established in honor of Juliette Low, our founder in the USA, to promote international friendship among girls. Girl Scouts of all ages have contributed, and will contribute in the future to this fund to promote opportunities of this nature for our girls.

One of the reasons Sheila has been selected for this project is that she can converse in both German and French. She will often be where no one speaks English.

FINALS IN JUNE

Mexico City Trip to '61 'Fairest' Winner

DEL MAR—A grand prize of a seven-day all expense paid vacation for two in Mexico City and Acapulco will be awarded to the San Diego County girl who is chosen the 1961 Fairest of the Fair to reign over the Southern California Exposition and San Diego County Fair at Del Mar, June 30 through July 9.

The grand prize and the opening of the 1961 Fairest of the Fair Beauty Congress was announced today by Miss Gail Smith, director of the event.

NAMES BEAUTIES

"Nearly 20 communities throughout the county are now engaged in selecting a youthful beauty to represent their respective areas in the Fairest of the Fair final contest to be held Sunday, June 4 at the Half Moon Inn on Shelter Island."

The county-wide contest is sponsored by the Southern California Exposition and the San Diego Convention and Tourist Bureau.

The exciting seven day vacation, including four days in Mexico City and three in Acapulco will be provided by Mexico's foremost airline, Aeromexico. Ramon Virchis, district sales manager for Aeromexico, states: "We are making arrangements for the 1961 Fairest of the Fair to have seven wonderful days filled with Latin entertainment and tours of Mexico's fabulous sights. Through the famous 'Balsa Hotels', he continued, "We have arranged for her to stay at the Hotel Del Prado in Mexico City and at the Prado Americas in Acapulco, which borders famous Acapulco Bay. Numerous side trips are also being planned for the winner."

YOUNG JOURNALISTS

Shutterbugs to Join Day in Navy Contest

A photo contest by high school photographers during carrier operations at sea will again supplement the news reporting prize competition in the fourth annual "Day in the Navy for High School Journalists" to be held March 27.

Approximately 80 journalism students from 40 high schools in San Diego and Imperial Counties including Mt. Miguel and Helix, will participate in the day-long cruise aboard the attack carrier Ticonderoga.

Capt. C. H. Fogwill, USNR, commanding officer of the U.S. Naval Reserve Public Relations Company 11-1, which is sponsoring the program, said that last year's camera-clicking contest proved so popular that it is being repeated. Cameras and photographic equipment will be top prizes for the best news shots.

JUDGED APART

The competition among the youthful cameramen will be judged apart from the news writing contest, Fogwill said. Either black-and-white enlargements or color transparencies may be entered, and each will be judged on its own merits. Winning prints will be displayed as a traveling salon at competing high schools.

This year, for the first time, the Naval Public Relations Company in Phoenix plans to send 25 Arizona high school journalists on the same cruise. The Arizona youths will compete in their own separate contest.

14 PRIZES

Fourteen prizes in two classifications will be awarded for the best examples of news reporting of carrier operations, in addition to the photo contest. Students will submit their stories for publication in the daily or weekly press or the high school paper.

The highest total points score achieved by the school team of two students, will determine the winner of the Commandant's perpetual trophy. Vista High School won the coveted award last year and in 1959, while Oceanside High School took the top honors in 1958, the first year of the contest.

the person selected for this opportunity.

In addition to brushing up on her languages, Sheila is going to be extra busy the next few months preparing for her journey. Sheila will be leaving San Diego two days after graduating from high school in June which in itself is a very exciting and busy affair. She has already had the required physical examination, she has begun the series of over-sea shots (7 in all required), she and Mrs. Dorman are endeavoring to make most of Sheila's personal clothing, even knitting sweaters, in an effort to show that average Americans do have abilities and do make the effort instead of being completely commercial by buying everything and taking perhaps the "easy way." Sheila is also collecting ideas and articles typical of San Diego and and the USA to share with her new friends she is to meet abroad.

YOU LIVE IN A HARD WATER AREA

- The "ring" in your bathtub is caused by hard water soap curd. With soft water, no curd can form. All porcelain surfaces stay gleaming white.
- Hard water wastes money. Look! Soft water saves 50% on soaps and detergents; 24% on water heating costs; 25% on coffee... and gives up to 33% more wear from clothes!
